

29th November 2021

Subject: Invitation for Kobe Medical Online Seminar

Attn: President of the Physical Therapy Council

Attachment: 1. PR brochure for Webinar
2. PR materials such as banner for website or Facebook

Foundation for Biomedical Research and Innovation at Kobe (FBRI) will arrange online business matching event between Japanese and Thai companies in February 2022. In order to promote this matching event, FBRI will hold a webinar regarding the health information under super-aging society and Kobe Biomedical Innovation to invite respective distributors or business partners in Thailand, who are interested in importing and distributing Japanese companies related to medical equipment, technology and industry to have intensive online business talks with their potential counterparts in the future.

On this occasion, FBRI is hoping that this webinar and matching event would extend collaboration and cooperation in promoting the medical industry in both countries. Therefore, we would like to ask for your kind cooperation to support us to promote the webinar by distributing webinar PR brochure to the members in your organization.

Overview of webinar (Free of charge)
